CLAUSEN'S GLADIOLUS PRICE LIST

FALL 1942

3

SPRING 1943

GLADVALE GARDENS—WALNUT, ILLINOIS

JAMES A. CLAUSEN, Prop.

We have discontinued many of the older varieties listed in '41 and Spring '42 Catalogs but have added many of the newer and better varieties. In spite of the greatly increased costs of production, we are offering a liberal discount on early orders. We planted all our bulbs on new ground this year, and was fortunate in having abundant rainfall, so we have the best quality of bulbs we have ever grown.

SPECIAL EARLY ORDER DISCOUNTS

On all orders of \$5.00 or more accompanied by cash in full, you may deduct 25% if ordered before January 1st or 15% if ordered before March 1, 1943. Items from quantity list and collections are not applicable for discounts. Our stock of many of the newer, scarcer varieties is quite limited so it is advisable to get your orders in as early as convenient.

TERMS

(Read Before Ordering)

Prices quoted are prepaid except stock from quantity list, which is F. O. B. Walnut and shipped by Parcel Post or Express, transportation charges collect. One bulb may be purchased at 1/8 the 10 rate, five at 10 rate, and 25 at 100 rate, unless otherwise priced, providing such item does not total less than 10 cents. On orders of less than \$1.00 please include 20 cents for handling charges as otherwise we lose money on orders of less than \$1.00. All stock is offered subject to prior sale. We wish to thank all our customers for their liberal patronage of the past season, and hope you will be back with us again this year.

CAUTION

Don't risk sending silver or currency in payment of your order. If you do so it must be at your own risk. Last season several customers wrote me that they had sent for bulbs but had received no bulbs and no reply. In each case they had put cash in the envelope with order. So please send a bank draft, express money order or postoffice order.

DISCLAIMER

We use every precaution possible to grow high quality stock and true to name. However, we will not hold ourselves responsible for crop grown, because the conditions of planting, tillage and general care are not within our control. However, if bulbs are unsatisfactory upon receipt, they may be returned for refund, and if on blooming they do not prove true to name we will replace with same or other variety of equal value.
